Discover the pioneers of speed, flight and adventure at Brooklands Museum. Home of Concorde, the world's first purpose-built race track and many other world firsts and achievements, Brooklands was a place where British motor sport and aviation history was made. Explore the Brooklands Museum which is the birthplace of British motor sport and aviation. This thriving 32 acre site is steeped in history. Find out more about this unique Museum through hands-on and interactive experiences, and find out for yourself how the spirit of Brooklands changed the world and linked with world-famous achievements. Be inspired by stories of the people who strove to challenge, had courage to break the mould, and dared to defy expectations. Brooklands celebrates their genius and invention on the site ‘where it actually happened’. From its creation in 1907, through two World Wars and for most of the Twentieth Century, Brooklands has been at the centre of breaking speed records, motor racing, advances in science and technology and where thousands of aircraft were built, tested and flown. Now, through an exciting program of activities and workshops, everyone can access the collections of historic cars, aircraft, motorcycles, bicycles and artefacts all year round. You’ll discover Concorde, Bluebird, the Napier Railton, Wellington Bomber, Spitfire, the bouncing bomb, the first licenced female pilot, Formula 1 and the multi award winning Interactive Aircraft Factory. Explore historic motoring exhibits, walk along the original Brooklands racetrack and discover the London Bus Museum. You will be able to discover how ordinary became extraordinary at Brooklands.
